

WALLS

Jack Fellers/Scott Schiaffo

To the wild memories rises sun
Bore the vision of my.....
Hold me tight make me feel my loss
Send a message to my life
Has a way to talk to me
Oh, my heavy heart..

Chorus

There I am myself in time
To the past you will give in
Pass the hell, pass the endless fight
Cross your hands to God
As the walls around here come down
Walls encase and divide
It has a way to talk to me
Oh, my heavy heart

As I lay you down you
You wear my skin
Hold tightly now and don't give in
I feel so lost, make sure this time

Refrain

As the walls around here come down
As the walls around here come down

(Chorus)

(Refrain)

As the walls around here come down
